MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Policy Statement on the Prevention of Sexual Assault

1. Sexual assault is a crime, demeans the value of others, and erodes the basic foundation of trust so vital to the success of every military mission. As a result, the California National Guard will do all that is possible to prevent sexual assaults, effectively implement the Army and Air Guard's Sexual Assault Prevention and Response Program (SAPRP), and prosecute offenders to the fullest extent allowed under either civilian or military law.
2. The SAPRP defines sexual assault "as intentional sexual contact, characterized by use of force, physical threat or abuse of authority or when the victim does not or cannot consent. This includes rape, nonconsensual sodomy (oral or anal sex), indecent assault (unwanted, inappropriate sexual contact or fondling), or attempts to commit these acts. Sexual assault can occur without regard to gender or spousal relationship or age of victim. 'Consent' shall not be deemed or construed to mean the failure by the victim to offer physical resistance. Consent is not given when a person uses force, threat of force, coercion, or when the victim is asleep, incapacitated or unconscious (DoDI 6495.02, June 23, 2006)."
3. Leadership at all levels will fully invest its efforts to ensure the speedy implementation of SAPRP at every level. To accomplish this task, all commanders and leaders must become fully informed about the policies that govern SAPRP. I want commanders to place special emphasis on ensuring that all accusations of sexual assault are taken seriously and referred to the proper authorities for investigation. I also want to elevate the importance of leadership involvement in educating Service members about prevention of sexual assault, treating all victims with care and dignity, and protecting victims against reprisal for reporting such contact. Commanders and leaders can access vital information regarding SAPRP at <http://www.calguard.ca.gov/j1/Pages/SAPRP.aspx>. Commanders can contact the Joint Force Headquarters' Sexual Assault Response Coordinator (SARC), Mr Robert May, on his cell at (916) 869-0787, to ensure successful implementation of SAPRP.
4. Servicemembers who are sexually assaulted should immediately seek medical care and law enforcement services. Prompt medical care is essential to address the potential negative physical consequences of sexual assault and for collection of forensic evidence, should a victim wish to prosecute an offender. Victims always have the right to contact the commander, authorities, chaplains, local rape crisis response resources, and/ or the SARCs. The SARCs exist to advise commanders on the SAPRP and to assure that victims of sexual assault are treated with care and dignity. Servicemembers can also access information about sexual assault and the SAPRP at <http://www.sapr.mil/>.
